

Student Visa Requirements – Academic Performance

Course progress requirements

Overseas students are required to maintain satisfactory course progress. Students do not meet the College's course progress requirements if they fail 50% or more of the units of study attempted in a compulsory term of study.

Intervention strategy for students deemed "at risk"

In compliance with National Code 2018 (Section 9), the Director of Studies will monitor the course progress of each overseas student. The notices and warnings are sent as per the below steps. Any student who reaches competency in 2 consecutive terms is removed from the intervention plan.

NYC notice stage

Assessment are uploaded on RTO manager after the term ends. The Director of Studies invites students who have received a 'Not Yet Competent' result to meet and discuss their options by sending NYC notices, 1st warning and 2nd warning according to the level warnings issued in the past.

If the student submits their assessment by the due date and receives a 'Not Yet Competent' result, at the Trainer's discretion, they will be subject to student class attendance and class performance review and may be granted 2 weeks from the decision of the assessment to do what is required to be deemed competent in their assessments. Failure to do so will incur a late submission fee, after these 2 weeks elapse.

If the student does not submit their assessment by the due date, at the Trainer's discretion, they will be subject to student class attendance and class performance review and may still be granted 2 weeks from the decision of the assessment to submit the assessment and to do what is required to be deemed competent in their assessments. The student will be required to pay a late submission fee in this case.

At the trainer's discretion, as the student will be subject to student class attendance and class performance review, they may be asked to repeat the term.

Students found to have cheated or plagiarised will not be entitled to reassessments. Instead they will be required to repeat the term and pay the repeat term fee. Please note that due to the extension of time needed to complete the course, a new Confirmation of Enrolment (COE) may need to be generated to extend their student visa. This may affect their visa. Please see the Deferring, Suspending or Cancelling an Enrolment policy.

Special consideration may be given to students who provide documentation to show long term disability, illness or injury which has affected their ability to complete work or attend classes. In such cases, re-assessment or re-enrolment fees may be waived.

Rosehill College offers students who need to repeat a term in a holiday term of study. This needs to be pre-arranged or offered by the Director of Studies.

To find out assessment related penalties and repeat term fee please refer to courses section on our website and check additional fee details.

Warning1

A student who does not achieve competency within 2 weeks from the date of the outcome of the assessment is deemed to be "at risk" and sent a 1st warning email regarding Unsatisfactory Course Progress where they are invited to meet the Director of Studies. At the meeting, they will be asked to sign a 'Stu-dent at Risk Agreement' which is prepared by the Director of Studies. The details to be recorded on the Student at Risk Agreement' are given below.

Warning 2

A student who does not achieve competency within 2 weeks from the date of the outcome of the assessment is deemed to be “at risk” and have already been sent a 1st warning will be sent a 2nd warning email regarding Unsatisfactory Course Progress where they are again invited to meet the Director of Studies. At the meeting, they will be asked to sign a ‘Student at Risk Agreement’ which is prepared by the International Students Services Coordinator. The details to be recorded on the ‘Student at Risk’ are given below. A student who has passed 2 consecutive terms will be removed from the intervention plan.

Intention to report due to Unsatisfactory Course Progress

If, after signing the Student at Risk Agreement, an overseas student fails to meet the course progress requirements and receives a ‘Not Yet Competent’ result and has already been sent the 1st warning and 2nd warning, they will be sent an ‘Intention to report due to Unsatisfactory Course Progress’. In the same communication, the student will also be advised that they have the right to appeal the decision within 20 working days. During the period for lodging an appeal and whilst the appeal is being considered, the student has the right to continue their studies in the course.

After all complaints and appeals processes are finalised and the complaint has not been upheld, or the student has chosen not to access the complaints and appeals process within the allotted 20 working days, the student’s enrolment will be formally terminated and the Director of Studies will report the student to the Department of Education and Training via the Provider Registration and International Student Management System (PRISMS). ‘The Breach Reported Letter’ will be sent to student and they are in-formed that reporting might affect their student visa and the student is advised that they should contact DIBP urgently.

Student at Risk Agreement

During the academic counselling sessions, the Director of Studies and the student will determine what additional support will be provided to the student. This may include, but is not limited to, the student:

- Improve on attendance
- Changing program or reducing course load
- Attend ‘Remedial Program’
- Attend Academic English Language tuition
- Participate in referred counselling sessions or other professional support services
- Combination of above or any extra support requested by student to help him to meet the course progress requirement.

During the academic counselling sessions, the student will also be advised:

- On the suitability of the course in which they are enrolled;
- Of opportunities to demonstrate the necessary competency in areas in which they had not been previously able to demonstrate competency;
- Of the possibility that conditions may be placed on their enrolment and that continued unsatisfactory course progress in two consecutive terms of study could lead to their enrolment being terminated, resulting in a report to DIBP which may result in the cancellation of their student visa.

A record of the academic counselling sessions and academic plan, recommended actions, offered support and any related fee is recorded on the Student at Risk Agreement. The Director of Studies and student sign the Student at Risk Agreement. Details about the agreement and the meeting are recorded in the student intervention register and the risk agreement is scanned in the student folder. The Director of Studies will thereafter monitor student progress as per the student intervention plan.

Extension of course duration

It is acknowledged that students may not always be able to complete their course within the standard duration; therefore there is some flexibility to allow for extensions in a limited range of circumstances.

The duration of the student's study may only be extended where it is clear that the student will not complete the course within the expected duration, as specified on the student's CoE, as the result of:

- Compassionate or compelling circumstances (e.g. illness where a medical certificate states that the student was unable to attend classes or where the registered provider was unable to offer a pre-requisite unit)
- Implementing an intervention strategy for students who were at risk of not meeting satisfactory course progress, or
- An approved deferment or suspension of study has been granted.

Where there is a variation in the student's load which may affect the student's expected duration of study this variation and the reasons for it must be recorded on the student's file. The Director of Studies will report the student via PRISMS and/or issue a new CoE when the student can only account for the variation/s by extending their expected duration of study.
